Letter No. 125 P dated 4th Octo 02 from the Senior Surgeon Lni. &c -

(i) requisition for another clerk,

(ii) sanctioning a bungalow for holding plague office

(iii) permanent advance of Rs 150/-.

Note

Out of the 2 clerks ordered in para 4 of Govt Or No. 5124-35 / 2 B.P. 228 dated 29.9.02 (extract put up as the file is before the Secretary) to report themselves to duty under the one has already done so & the question whether the Senior Surgeon may be permitted to entertain another clerk on a salary of Rs 20/- or Rs 25/- a month, since none can be spared from this Branch, is pending orders of the Secretary.

2. As regards point (ii) it is a question whether it is absolutely necessary for the Senior Surgeon engage a bungalow on Rs 35/- a month just to accommodate two clerks & perhaps an almirah or two.

3. And again the application for a permanent advance of Rs 150/- Rupees altogether extravagant, from actual experience it is found that not more than Rs 10/- have been spent by

the

this Branch during a period of 12 months
on account of telegram charges, and it is only
in very rare & exceptional cases that recourse is being
had to wire.

Under these circumstances, if any per-
manent advance is deemed necessary it may
be limited to Rs 15/-. ~~& that including house rent~~

I have since had a talk on
the subject with both the Senior
Surgeon & the Secy.
The Senior Surgeon's office

3

not located in a good locality
he cannot ~~be~~ ask Col
Benson to accomodate the
Plague clerks. Plague records are
in ~~a separate~~ his own Quarters
for the use of a portion of which
for the Senior Surgeon office
a rent of Rs 5-5 is now being
paid by Govt. Dr Benson
tells me that it is impossible to
spare any more room in
his Quarters for this purpose -
This is too small a matter
for Govt to quarrel with him
about - Let us therefore
sanction his proposal to which
he has given effect — & this is
some what inconvenient — in
an institution of sanction -

There can be no doubt that
he wants a Second clerk on
a local sanction - & the Secy
cannot spare one - a temporary
man be admitted to be en-
tertained on Rs 40 which
I shall write about to-day -

A permanent advance
of Rs 100 may be sanctioned
instead of the 150 Rs asked for -
Every item of payment on
Govt has to be duly accounted for
& there need therefore be no mis-
-apprehension - Either the Senior
Surgeon or I must be constituted
the Head of the Plague Dept &
~~he~~ am agreeable to both - I would myself
study direct all Plague observation

with the advice of the Senior Surgeon but the question is whether the present constitution admits of my so doing - ~~I do directed~~ ^ Let us wait for some time with the arrangements ordered, & then see whether any change is necessary - I have impressed upon Col Benson more than once the desirability of minimizing the expenditure on Plague as much as possible & I believe he quite agrees with me - As I told the Secy the other day the Senior Surgeon must be told (1) what the ~~Rs~~ sanctioned allotment under Plague is viz Rs one lakh, (2) what has already been spent viz Rs 25 thd or so, (3) what remains available for expenditure during the remaining period of the year viz 75 thd or so, & (4) how desirable it is that the cost of Establishment should be reduced as far as possible and that consistently with efficiency no expenditure should be incurred which is not unavoidable -

Unfortunately this is a bad year & it would be worse than the last if ~~I~~ we ~~do~~ should ask the Senior Surgeon to ~~do~~ husband his resources as well as possible & the Bombay Government will doubtless give careful consideration to any offer ~~of~~ he may make - I will ~~see~~ discuss the matter with Col Benson as soon as he has succeeded - ~~I~~ Col Benson is away

Office note continued-

11 By order No14699-700-L.B.P.719 dated the 7th April 1903, Govt fixed the contingent charges of the Plague Branch of the Senior Surgeon's office at Rs50/- per mensem, including the sum of Rs35/- being the house rent for the office.

12 In connection with this order, the comptroller questions, whether the permanent advance of Rs100/- sanctioned in G.P.No6472-3-L.B.P.295 dated the 31st October 1902 is still necessary and may not be reduced. He argues that a permanent advance is intended only for emergent petty expenses which require to be paid at once before money can be drawn from the Treasury on contingent bills, that it should be large only when distance from it renders its frequent recoupment difficult but never larger than is absolutely necessary, and quotes article 77 of the Civil Account Code in support of his statement (extract of article put up). In the present case, seeing that the contingent expenses of the office has been fixed at Rs50/- a month and that the distance from the Treasury is not such as to render frequent recoupments difficult, the Comptr. considers that the permanent advance originally sanctioned, viz, Rs100/- may be reduced to Rs20 or 25.

Draft accordingly put for approval or other orders.

13. As directed above the Senior Surgeon was asked why for the reasons assigned by the Comptroller, the permanent advance of Rs. 100/- sanctioned in Govt Pro. referred to above might not be reduced to Rs. 20/- or 25/-; also why Rs. 100/- was asked for as permanent advance when the amount of house rent & contingencies came only to Rs. 50/- a month.

D. O. dated 19 May 03

14. In reply, the Senior Surgeon states that out of the permanent advance of Rs. 100/- sanctioned, a sum of Rs.55/- on an average will be spent every month for contingent & other expenses, that the remaining sum of Rs. 45/- is quite necessary for camp expences when he is out on circuit; & that Rs. 100/- is not at all in excess of what is absolutely necessary.

(Note) A sum of Rs. 50/- was fixed in Govt Pro. NO. 14699-700/L.B.P.719 dated the 7th April 1903 for contingent expenses such as house rent &c. Serial NO.12 A

Mr Dewan through the 2nd Counsellor

When we are spending thousands of rupees on Plague let us not grudge the additional Rs 1500 now asked for on account of contingencies of the head office — Of the 60 Rs allotted for us much as Rs 35- go towards the payment of office rent. Let us not increase correspondence by requiring an application for sanction in every case of excess. I am of opinion that the 5 to Rs sanctioned may as requested be raised to Rs 60-

***Subject** Letter No 283 dated the 6th November 1902 from the Comptroller in Mysore, requesting to be informed whether a permanent advance of Rs 100/- is necessary to the Senior Surgeon as he has a drawing account at the Bangalore District Treasury.

Note

S.1 The Senior Surgeon & Sanitary Commissioner in his letter No 125 dated 6th October 1902, requested to authorise the Comptroller to place at his disposal a permanent advance of Rs 150/- to meet the Contingent & other charges.

S.No. 2 2. In para 13 of Govt. order No 6472-3 dated 31st October 1902, Sanction was accorded for a permanent advance of Rs 100/- subject to the usual conditions applicable to expenditure therefrom being duly accounted for monthly.

* S.No 3 3. The Comptroller in his letter No 283 dated 6th Nov/1902, states that as the Senior Surgeon & Sanitary Commissioner is one of the Disbursers and has a drawing account at the Bangalore District Treasury, he can, whenever necessary, draw

draw amounts from the Treasury on cheques up to the balance of the Letter of credit issued in his favour duly accounting for the expenditure in his monthly plague cash accounts and thus the permanent advance is not necessary.

4. As regards the system of issuing Letters of credit the Senior Surgeon has been authorised to Scrutinize, and comply with if the exclusive necessary, all requisitions for funds from the plague Budget, provided that in the case of items not already Sanctioned by Govt. the previous Sanction of Govt. should be obtained, as per para(2) of Govt. order No 5124-35 dtd 228 dated 29th Sept/1902.

S. No. 1.

Now that the system of Government placing funds at the disposal of the several Disbursers has ceased as per Govt. Pro: No 5124-35 LB(P) 228 dt 29th September 1902, it is a question for consideration whether a lump sum of Rs 10,000/- may not be placed at the disposal of the Senior Surgeon for Disinfectants & Contingencies Less (including the sum of Rs 5,000/- already Sanctioned

Under article 770 of the Civil Account Code, a permanent advance is necessary to an Officer

(put up)

officer incurring petty expenses which require to be paid at once before money can be obtained from the Treasury on a contingent bill. But as the Senior Surgeon has already got a drawing account at the Bangalore District Treasury & can draw money from the Treasury on cheques up to the balance of the Letter of Credit in connection with the allotment for disinfectants &c a separate permanent advance does not seem necessary. Colonel Benson however in his letter No 77 P dated 14th Instant says that this advance is absolutely necessary.

2. As the Contingent establishment charges incurred in the Senior Surgeon's office are being included in the accounts of the Medical Stores, (a consolidated account is being submitted) and as he has already a cheque book in use there seems to be no necessity for a separate cheque book for the use of the Plague Branch of the Senior Surgeon's office. Still I think there will be charges which cannot wait for Cheques being issued. As far as I can understand an officer with a letter of credit cannot draw & keep the money with him as he-

Subd to Secretary.

The only question pending about the issue of a Cheque Book in connection with the permanent advance

of Rs 1000/- sanctioned for meeting contingent expenses of the Senior Surgeons Office (Plague Branch) having been explained, the Dewan was pleased to remark that the present system of placing lumpsums at the disposal of the Secretariat Officers by means of letters of credit might be done away with by increasing if necessary, the amount of permanent advances allowed to such Officers.

As the present system was introduced in accordance with ~~the~~ Government Pro: No. 3082-94 dated 7C 313 26th October 1898 (Vide page 193 of the Compilation of Plague Regulations Orders) and as according to para 2 of Govt. Pro: No. 5124-35 LB (P) 228 of 29th September 1902 the Senior Surgeon takes the place of the late Plague Commissioner, the Comptroller's opinion was asked by a D.O. of 25th November 1902 as

to whether the present System of issuing
letters of credit might be done away
with without inconvenience by raising
the limit of permanent advance.
That Office in submitting a Memo: × Appended
prepared by his Office says (Vide D.O.
dated 28th ~~Sept~~ June 1902) that the present
System has been working well & that the
proposed one would cause delay in
accounting & auditing and would
entail more labor on the Accounts
Office in checking the detailed bills with
vouchers & on his Office in detail audit
of such Bills and in raising objections the No. of
which under the present System is
minimised. The Comptroller adds
that the System under contemplation
is similar to that adopted for ⊗
advances recoverable & the result is
is equally unsatisfactory, as the unaccounted
balance bills for on accumulating as in
the case of advances recoverable,
& that in order to avoid ~~of~~ alteration, the

⊗ Vide Govt Pro: No 1940-53 R 7 48-95 dated 24th September 1899 (Space Copy Enclosed)

present System was suggested by him & sanctioned by Govt in the Govt Proceedings of the 26th October 1898. (Vide para 193 of the Compilation of Plague Regns)

Attention is however invited to para 5 of the Comptroller's letter printed with Govt Pro: No 1940–53 R 7 48–95 of 4th September 1899 in which ~~he~~ ~~Comptroller~~ alluded to the System prevailing in the D P W and proposed as an alternative, the procedure laid down in para 6 thereof which was sanctioned by Government.

As the proposed System is likely to entail much labor on the Divnl's & Comptroller's Offices & delay in the adjustment of the advances it is a question for consideration whether the former System of Govt placing funds at the disposal of the Divnl disbursers instead of the Senior Surgeon Superintending this power, as per

LB (P) 228

1902 may not be received, and the Senior Surgeon asked to send up the monthly Statements received by him for the sanction of Govt.

BB
1/12/1902

Whatever the technical character of the procedure be, the simplest & most convenient course will be to place a part of the Plague balance at the disposal of the disbursing officers and to go on replenishing after receipt of the monthly account. This is virtually the same thing as we have been hitherto doing.

Dear Dr Nanjundaiah

Memo 7.

With reference to Secys D.O. L. 25.11.02. & the Comptr's order thereon, the Statt showing the pg expenditure from July last is submitted & 4 quarter accts have been received, & after with the balance of funds available & also noted on the Statt the balance in hand with each Observer.

In connection with the proposal to substitute the permanent advance system for the present drawing account, it is submitted that the latter has worked remarkably well and that it is feared that the substitution will create delays and difficulties and the advantages of the present over the proposed system are asked later in consideration in replying to the D.O. ——

(1) under the present system it is obligatory on each Observer to send an acct monthly, while it is not so under the proposed one. Bills paid in a month or even in more months than one may be kept back by the plague Hosp or the Commissioning officer and then sent to Govt for sanction where again there may be delay in sanctioning them and transmitting them to this Office. The consequence would be that the work hitherto done each month in this Office and finished monthly would be accumulated and have to be done all of a sudden & in a hurry too.

Note
It is need not have been anticipated.
DS

2. Now we get a classified abstract which this office has simply to check, making a few corrections & supplying a few omissions. Under the proposed system we will get no acct. When the bills are received (it may be after delay) the classification will have to be done in this office which I submit is too much to expect the limited establishment to do.

3. The P.A.'s proposed by me are 500 & 200. These amounts are made enough for the intended purpose (as will be seen from the present P.A. balances in hand) considering the no of children & others, who have imprests of Rs 50 or Rs 10 to meet emergent expenditure, under each division. Larger amounts are inadmissible on the ground that so much money would be drawn away from the Treasury & perhaps kept idle in the hands of the Debenture Clerk & is for this reason that in the P.D. where P.A. imprests are found necessary drawing acets are given, so that the Debenture may draw from the Treasury what is actually required for expenditure and the rest of the money may be in the Treasury.

(2) Letter No. 94-P., dated the 16th September 1902, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, bringing to notice certain defects in the arrangements ordered in Proceedings No. 2497-505—Mis. 406, dated 20th August 1902, under which he was constituted adviser to Government in Plague matters, and suggesting that he be appointed Secretary to Government in the Plague Department and that powers of sanction be given to him together with an establishment both clerical and menial.

No. 5124-35—L. B. (P.) 228, DATED BANGALORE, 29TH SEPTEMBER 1902.

ORDER THEREON.—In modification of the late Plague Commissioner's Circular No 4959-71, dated 2nd January 1900, and Government Proceedings No. 337-50, dated 30th September 1899, the Government are pleased to direct that the submission of monthly Plague budgets to this office be discontinued and that a statement of expenditure proposed to be incurred during the month be forwarded by the officers concerned to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore on or before the 15th of the month previous to that to which such statement relates. All expenditure incurred from March to June 1902 (both inclusive) should be admitted in the accounts for the year 1901-02 and that incurred in July and August 1902 in the accounts for 1902-03.

2. The Senior Surgeon will himself take prompt action in Plague matters and keep the Government informed of the same by means of occasional notes. Matters of importance should be reported by him for the orders of Government. He will be authorized to scrutinize, and comply with to the extent necessary, all requisitions for funds from the Plague budget, provided that in the case of items not already sanctioned by Government, the previous sanction of Government is obtained in regard to the employment of additional officers and clerical and police establishment or to the grant of allowances and also to items exceeding Rs. 200. Applications for such sanctions should always be received from Deputy Commissioners, who are authorized to incur expenditure not exceeding Rs. 50 in very urgent cases. This power of sanction will be very sparingly exercised by the Senior Surgeon and a statement of such sanctions will be submitted to Government before the 5th of the month following that in which the sanction is given. Detailed and full information necessitating the expenditure will be given in such statement.

3. All correspondence relating to Plague matters should be addressed to the Senior Surgeon who will send up to Government, with his remarks and recommendations, such of them as are of special importance.

4. Two of the three clerks now specially employed in the Dewan's Office from Plague Funds will be placed at the Senior Surgeon's disposal, as also a couple of peons. The other clerk and two peons will be retained in the Dewan's Office for Plague work, the remainder of the Plague menial establishment being either absorbed or dispensed with.

5. A very useful note drawn up on this important subject is forwarded to the Senior Surgeon, who is requested to work on the lines indicated therein. The Deputy Commissioners are requested to lend their hearty co-operation to the Senior Surgeon.

Sir,

With reference to para 4 of Government Proceedings No. 6164/M.D.I.220 dated 30th September 1902, I have the honor to report that out of the two Clerks referred to therein H.C.Nagesa Rao, Clerk of the M.D. (Plague) Branch of the Dewan's Office reported himself for duty yesterday and to request that the other Clerk may be immediately sent to me for duty as there is good deal to be done in the way of accounts. Requisition for funds &c., from several Districts are being received in swarms every day which require careful scrutiny and are pending disposal for want of sufficient number of Hands.

The building in which my permanent Office is located being hardly spacious enough to accommodate my Clerks and my Office records, I have in anticipation of sanction of Government rented a bungalow belonging to M.Kantaraj Urs close to my Office at a small Monthly rent of Rs.60/- per Mensem for the use of the officials of the Plague Department and request that you will be so good as to obtain sanction of Government as early as possible.

The Comptroller may be authorized to place at my disposal a permanent advance of Rs.150/- to meet the contingent charges such as telegram charges, house rent &c., for which accounts will be rendered in due course.

Sir,

With reference to Government Proceedings—No. 14699-700 / L.13(P) 719 of the 7th August fixing the contingent charges of the Plague Branch of the Senior Surgeon's office at Rs. 50/- a month, including the office rent of Rs. 35/- per mensem, I have the honor to request the favour of being informed whether it is still necessary to continue the Permanent Advance of Rs. 100/- sanctioned in Government Proceedings No. 6472-3 / L.13(P) 295 dated 31st October 1902. The amount now held seems to be much in excess of what is absolutely necessary.

2. A permanent advance is intended to provide only for emergent petty expenses which require to be paid at once before money can be drawn from the Treasury on contingent Bills, and it should be large only when distance from the Treasury renders its frequent recoupment difficult but never larger than is absolutely necessary. (Article 77 of Civil Account Code). In the present case considering that the Contingent expenses of the office has been fixed by Government at Rs. 50/- only a month and that the distance from the Treasury is not such as to render frequent recoupments difficult, the permanent advance can, I think, be reduced to Rs. 20 or 25.

Dated 12th May 1903.

Dear Col Benson,

I enclose herewith (to be kindly returned with your reply) Comptroller's letter NO,741 of the 22nd April last, enquiring, for reasons given therein, whether it is still necessary to continue the permanent advance of Rs. 100/-sanctioned in G.P. NO.6472-3/L.B.P.295 dated the 31st Octr 02, & why it may not be reduced to Rs. 20 or Rs. 25/-

Will you ~~therefore~~ kindly let me know why you obtained sanction to a permanent advance of Rs 100/- when the contingencies sanctioned, including house rent is Rs. 50/- a month.

Yours Sincerely,

† F No 2 BP 2068

May I know why 100 Rs was asked for as P.A., when the amt of Contingencies & house rent come only to 50 Rs a month?

† The Contingencies formerly sanctioned to the P.A. were Rs 20 only. He was the same sanction obtained by Col Benson.

Dear Mr. Nanjundayya,

Your note of the 13th instant reached me only to day.

A permanent advance of Rs150/- was asked for, but only Rs100 was sanctioned. Out of this a clear sum of Rs 55 on an average will be spent every month for contingent & other expenses, such as purchase of Service Stamps &c., and the remaining Rs45 is quite necessary for Camp expenses while I am out on circuit.

It is on the above understanding

No.

Dated 18th June 1903.

Sir,

With reference to Government Proceedings No.14699-70/ L.B.(P)719 dated the 7th ~~Instant~~ April 03, I have the honor to enquire whether a sum of Rs.15/- therein allowed for contingent charges includes, ~~telegram~~ charges, service postage labels, &c and if not whether it is the wish of the Government that sanction should be obtained to any sum spent more than Rs.50/- in a month for contingent and other expenses of the Plague Branch of my office.

I am of opinion that the amount allowed for contingencies is purely for the purchase of stationery articles, which are not supplied by Government stationery, such as, carbon paper, type writing paper and other necessaries, and consequently some more money should be allowed for the purchase of service postage stamps telegram charges and for touring expenses; — it was on the above calculation, sanction was obtained to a sum of Rs.100/-, as permanent advance for my office.

Under the above circumstances, I request you to be good enough to move the Government to re-consider their order and allow me to incur as much expenditure as is absolutely necessary, as otherwise it gives room to much unnecessary correspondence. If it is not found feasible to grant my request, I request you to be good enough to obtain sanction of Government raising the sum of Rs.50/- now allowed to Rs.60/- and authorise the

Comptroller

Comptroller to admit the charge upto that extent.

SIR,

In forwarding herewith, a copy of Comptroller's docket No.901-Pg dated the 15th June 1903, I have the honor to state that the expenditure over the sum of Rs.50/- was incurred on the understanding that the word contingencies did not include the cost of service postage stamps &c, as already explained in my letter No.1583/P. dated the 18th June 1903, and to request that you will be so good as to obtain, if necessary, the sanction of Government to a sum of Rs.18-13-0, said to have been spent in excess.

I may here mention for the information of Government that I was not consulted when limiting my office contingent expenditure to Rs.50/- per mensem.
